CENTENARY COACI.

JAKE L. HANNA—Launched into a career as a college football coach in a city where he twinkled bri liantly as a high school and college player, Jake L. Hanna is in command of the Centenary gridiron program as the first home boy and Centenary alumnus to be honored with an appointment as head coach. The appointment recognized his qualities as a leader and his talents as a teacher.

Hanna's football career dates back to 1924 when he stepped into the limelight as a high school q" rterback here. Four years of prep football were followed by three years of exceptional brilliance as a member of the Centenary varsity and national mention for his excellence as a runner, passer and punter. Leaving Centenary, Hanna first coached the high school team at Franklin, La. Coaching assignments at Corsicana, Texas, Leesville, La., and Gladewater, Texas, followed and in each of the ten years Hanna coached high school elevens. his teams were high in the conference races. In 1935, his first season as head coach at Gladewater, his team won every game, and in that year and the next it won 19 in a row.

Hanna is thoroughly popular with his men and he has the knack of causing his own enthusiasm to spread throughout the personnel.

TOM COBB—Professional football player with Kansas City, Cleveland, Detroit and Chicago and a high school coach at Waggoner, Okla., before settling down at Centenary, Tom Cobb is now in his fifth season as line professor of the Gentlemen as well as director of intramural sports on the campus. Cobb has contributed to the development of some fine forwards at Centenary and usually comes up with a splendid defensive array. Cobb is extremely popular with the football players and is the pal of every boy on the squad.

ELMER SMITH—The duties of Elmer Smith, backfield coach of the Centenary squad, are numerous. In addition to assisting in the development of the ball-carriers, he is also the team's scout. Smith graduated from Hendrix college, of Arkansas as a four letterman, coached there briefly after handling the coaching job at Ha burg (Ark.) high and came to Centenary in 1935. Smith's coaching career was preceded by three years of professional baseball.

TRAINER MARVIN (Hoot) GIBSON—The oldest man in point of service in the Centenary athletic department is Hoot Gibson, who has been in the organization 14 years, seven of them as head trainer. Gibson's job is to keep the boys in shape, administer to their injuries and handle the equipment. He does the job thoroughly and well. Hoot is one of the most popular figures around the campus and has a strong following with the public.

GAS
SERVES YOU BETTER
THROUGH MODERN GAS APPLIANCES

Natural Gas Service . . .

. . . one of the smallest items in your budget, yet one of the most essential services in your home.

You'll be surprised, if you take time to figure it out, how small a fraction of your household budget is required for Natural Gas service.

You'll find this service one of the smallest items in your budget, and yet the dollar you spend for Gas—for Cooking, Water Heating, Refrigeration, and House Heating—buys more service, more comfort and time-saving convenience than almost any other dollar you spend.

And too, modern gas appliances make possible more leisure time, eliminate drudgery, and make essential work lighter and easier.

Our Advertisers

yal Supporters of Centenary Athletics

THE publication of this program is made possible by the generous support of the firms and individuals whose advertisements appear on its pages.

We believe the Centenary Football Program to be an excellent advertising medium. Yet we freely concede that some of those who are advertising this year are doing so because of a desire to help Centenary.

This support is sincerely appreciated by everyone connected with the athletic department. We know that many of these advertisers made exception to their regular advertising policy in buying our space. In every case their cordial feeling toward the College and its athletic representatives entered into the contract.

On behalf of every Centenary athletic interest, we take this opportunity to make acknowledgment and to thank our friends—the advertisers in this book.

We know them well and have dealt with most of them. They are real Gents Boosters—in good times or in bad—and we earnestly recommend them to your favorable consideration and patronage.
